Commander's Safety Policy

Compliance with this Policy is Mandatory

All Civil Air Patrol activities are safe until safety is compromised. To protect you and all Civil Air Patrol property we have clear safety policies in place that must be adhered to fully and reviewed on a regular basis. A safety conscious culture means everyone is in tune with these policies and practices them without question. The following are effective immediately:

- All members of the NER will familiarize themselves with the current CAPR 62-1, CAPR 62-2 and the current NER supplements to 62-1 and 62-2.
- NER Wings will perform all missions with an assessment of safety factors being the foremost concern and will not allow, nor enter into, any operation that threatens the safety of any person or property or that is a violation of Civil Air Patrol regulations.
- All Staff Members of NER will adhere to the safety meeting requirements and report their compliance through the NER reporting system: www.ner.cap.gov/safety.
- Wing commanders shall distribute this memorandum to all members of their wing and post on each Squadron Bulletin Board.
- All New members will review all NER Supplements and this Policy Letter during Level I training.

CHRISTOPHER J. HAYDEN, Colonel CAP
Commander, Northeast Region
